

It's Time

TO MOVE TOGETHER AGAIN

We are so excited to be able to reopen soon! Governor Baker has just greenlighted Phase 3, which includes The Dance Complex! Pending any additional directives from the City of Cambridge, we will be open for a percentage of our classes beginning July 15th.

We are committed to helping keep your experience safe, and expect each individual in our community to be considerate of each other's safety!

What will classes look like?

- In-person classes for a limited number of students, in order to be 6' apart
 - Virtual classes through MindBody
- *Select classes only*

What will I have to do differently?

- We are upgrading our check in system with MINDBODY CARDS! This is a paperless, cashless, contactless option that will allow faster check in!

It's Time

TO MOVE TOGETHER AGAIN

- Every member of the dance community needs to set up an account through the MindBody system, if they haven't already done so.
- NO drop in classes (you will still be able to pay your Teaching Artist directly or use the class card you may have through them)
- All virtual classes will be pre-registration only, through MindBody
- Everyone will be required to wear a mask AT ALL TIMES
- Studios ventilation is being expanded. You will enter one way, and exit another (only in studios)
- No use of shower facilities
- Changing rooms will be limited based on 6' social distancing protocols
- Dancewear should be worn under clothes whenever possible
- Dancers should bring their bags, shoes, and clothes into the studio. We will have a designated area for your belongings
- Your arrival and departure will be limited to within 10 minutes of your class' start and finish time
- For your safety, common areas will be spatially distanced usage, and used as a means to enter and exit studios only (sorry, no stretching or congregating...head outside: it's beautiful!)
- The dance community needs to register with The Dance Complex to be able to enter the building. This is a one time registration through the MindBody system. Those taking classes also need to register with their respective teachers for their class

It's Time

TO MOVE TOGETHER AGAIN

Will the building look any different?

- We have a one way system once you arrive at the lobby, with an up staircase to enter studios, and a different down staircase to exit studios. All studios have separate entrances and exit points.
- Studio 4 will be office and transition space for exiting upper floors
- The front desk is now two separate desks where you can scan your BRAND NEW community card to sign in
- Our Community Engagement Associates and Ambassadors will be there to greet you and guide you at two check in points!
- No more open bulletin boards. All informational flyers, postcards, and posters will be in glass cases to reduce debris and dusty surfaces
- There will be a brand new lift at the front steps for accessibility (coming soon!)
- Hand sanitizer stations will be set up throughout the building
- Sitting in public areas will be minimal to accommodate social distancing
- Expect lots of new signs to guide you on the safest way around our building

It's Time

TO MOVE TOGETHER AGAIN

What are you doing to disinfect and make sure the space is clean?

- There will be continued professional cleaning throughout the building
- There are scheduled breaks between ALL studio uses, to sanitize the studios
- Public areas will be sanitized periodically throughout the time the building is open

LOOK OUT FOR YOUR NEW MINDBODY CARDS, THEY'RE FREE
